NEWS FROM THE SUBURBS.

NO REPORT ON JUSTICE DELAHANTY'S CASE. NO REPORT ON JUSTICE DELAHANTY'S CASE.

The New-Jork Times yesterday morning stated in a paragraph that Colonel Cograwell, the referre appointed by the Supreme Court, had rendered his decision in the maiter of the charges of malfensance against Justice Delahanty, of Long Island City. The charges, the paragraph sald, were sustained, and the report recommended that the Courtremove the defendant from office. Ex-Senator Ceve rt. Justice Delahanty's counself in the case, was seen by a reporter last evening and he most emphatically denied it. "The case," said Mr. Cevert, "Is not concluded and will not be argued before Mr. Cograwell until after election. If a decision had been read ered I certainly would be one of the first to know of it. You can contradict it and say that the story is made out of whole cloth." Justice Delahanty also denied the report.

" ardience !" Richelleu, constantly importuned, finally ordered the "madman" imprisoned. Even in jail he did not de-sist from declaring his "delusion," which one day at-tracted the attention of a British nobleman, who heard De Cause's story, and developed his discovery of steam

All great discoveries are at first derided. Seven years ago a man yet under middle age, en-riched by a business which covered the continent, found himself suddenly stricken down. When his physicians said recovery was impossible, he used a new discovery, which, like all advances in science, had been opposed bitterly by the schoolmen. Nevertheless, it cured him, and out of gratitude therefor he consecrated a part of his wealth to the spreading of its merits before the world. Such in brief is the history of Warner's safe cure, which has won, accordingly to the testimony of eminent persons, the most deserved reputation ever accorded to any known compound, and which is finally winning on its merits alone the approval of the most conservative practitioners. Its fame now belts the globe. - The

NOVEL ADVERTISING SCHEME.

THE DUFFY MALT WHISKEY COMPANY ISSUE THEIR BULLETIN NUMBER ONE.

To the Retail Drug, Grocery and Liquor Trade.

We invite your attention to the subjoined copies of etters, in reference to the extensive contracts for advertising we have just closed with your leading papers, and o impress upon you the importance of laying in a full steek of our Duffy's pure malt whiskey. As stated in these latters, we purpose inaugurating in your city beginning to day and continuing during a period of one year, the largest and boldest line of advertising done for years, by any general advertising house. We base these extensive preparations solely upon the implict faith we have in the merits and purity of our goods and our knowledge, based upon experience and observation of judicious newspaper advertising. We claim that we are the only manufacturers in this country of an absolutely pure malt whiskey, the necessity for which has been long felt and has been the source of much investigation and experiment among learned scientists for years. Our article has now been successfully introduced in nearly article has now been successfully introduced in nearly all the principal hospitals and curative institutions in this country, and is being prescribed by physiciaus overywhere, as can be evidenced by the hunareds of testimonials we have received and propose to put before the public. It is the only medicinal whiskey that has stood critical, cremical tests made by such emineur men as Professor Henry A. Moit, Ph. D. F. C. S., and Dr. M. E. Arendt, Analytical and Committing Chemist better E. Areadt, Analytical and Consulting Chemist, both of New-York; Professor Albert E. Menke, D. Se. F.C.S.F. I.C. Analytical, Chemist, Department of Agriculture, Washington, D. C., and the late Harvey L. Byrd, president of the faculty Baltimore Medical College. We have decided upon the following plan of procedure

in your city: In order that we may receive the full benefit at the outset of our extensive advertising, and that no sales may be lost by reason of druggist not having our goods on hand, and that the public may know exactly how many and what druggists keep pure whiskey free from fusel oil, vitriol, catechu, and other deadly poisons, we have decided to publish in all the leading papers weekly bulletins of all draugists or dealers who keep our goods for sale and have them in stock, which names we will procure from the jobbing trade from orders already filled or being filled by them, so that all dealers who have laid in or propose to lay in a stock of our goods and who desire their card to appear on these bulletins, are respectfully advised to notify at once the wholesale house from which they buy, with the request that their name be handed in to our New York branch house, No.

If you buy from out of town or from us direct at Baltinore, send name, plainly written to the address given. Dealers can produce supplies from any of the wholesale drug, grocery or liquor houses, all of which have laid in a large stock of Duffy's Fure Malt Whiskey in anticipation of the great demand we propose to creats.
